Item 1.05 Material Cybersecurity Incidents.

On May 7, 2026, West Pharmaceutical Services, Inc. (the "Company") determined that the Company has experienced a material cybersecurity attack, in which certain data was exfiltrated by an unauthorized party and certain systems were encrypted. Upon initial detection of an intrusion on May 4, 2026, the Company promptly activated its incident response protocols, including proactively taking systems offline globally for containment purposes, notifying law enforcement, and engaging external cyber-forensic experts. The Company's investigation into the nature and scope of the incident remains ongoing, including the extent of the data affected. The Company has taken steps intended to mitigate the risk of dissemination of the exfiltrated data.

The incident and the Company's proactive response have temporarily disrupted the Company's business operations globally. While the Company has restored its core enterprise systems, and critical processes for shipping, receiving, and manufacturing have restarted at some sites with restoration of the remaining sites in process, the timeline for a complete restoration has not yet been finalized.

The incident's material impact on the Company's financial condition and results of operations, if any, has not been determined at the time of filing.

Forward-Looking Statements

This Current Report on Form 8-K contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements regarding the Company's expectations regarding future events, actions or performance related to the cybersecurity incident, including the results of the Company's ongoing investigation thereof and the impact of the cybersecurity incident on the Company, and its financial or operational performance. Forward-looking statements may be identified by words such as "believe," "expect," "intend," "estimate," "plan," "anticipate," "project," "forecast," "guidance," "target," "may," "will," "continue" and similar expressions.

These statements are based on current expectations and assumptions and are subject to risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such forward-looking statements. For additional information regarding these risks as well as other risks, uncertainties and factors that could affect our forward-looking statements, please refer to Part I Item 1A, entitled "Risk Factors," of the Company's most recent Annual Report on Form 10-K and any amendments thereto, as well as the Company's most recently filed Quarterly Reports on Form 10-Q and other filings the Company makes with the Securities and Exchange Commission.

Forward-looking statements speak only as of the date of this Current Report on Form 8-K. Except as required by law or regulation, West Pharmaceutical Services, Inc. undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Item 7.01 Regulation FD Disclosure.

A copy of the Company's statement on its website regarding this matter is furnished as Exhibit 99.1 to this report and is incorporated into this Item 7.01 by reference thereto.

The information in this Item 7.01 of this Current Report on Form 8-K, including the exhibit furnished pursuant to Item 99.1, shall not be deemed "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") or otherwise subject to the liabilities under that Section. Furthermore, the information in this Item 7.01 of this Current Report on Form 8-K, including the exhibit furnished pursuant to Item 99.1, shall not be deemed to be incorporated by reference into the filings of the Company under the Securities Act of 1933, as amended, or the Exchange Act, regardless of any general incorporation language contained in such filing.

Current Updates

Cyberattack Update

West is committed to providing timely and transparent communication to all stakeholders regarding the recent cyberattack on its network systems.

Following initial detection of an intrusion on May 4, 2026, West Pharmaceutical Services promptly implemented a series of technical and organizational measures to contain and mitigate the potential impact. This included the proactive shutdown and isolation of affected on-premise infrastructure for containment purposes, restriction of access to enterprise systems, and activation of further incident response and crisis management protocols, including notifying law enforcement.

West also engaged Palo Alto Networks' Unit 42, a leading threat intelligence and incident response team, to support the Company's investigation, containment, and recovery efforts, in coordination with other external experts and legal counsel.

The incident and the Company's proactive response have temporarily disrupted the Company's business operations globally. While the Company has restored its core enterprise systems, and critical processes for shipping, receiving, and manufacturing have restarted at some sites with restoration of the remaining sites in process, the timeline for a complete restoration has not yet been finalized.

West is leveraging its business continuity plans and working with our customers to mitigate risk and minimize delays wherever possible. We will continue to provide timely updates as additional information becomes available.
